Running

EDUCATION

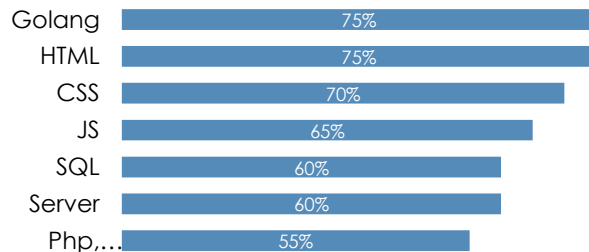

Self-Thought Web Developer
... - Present

ASE – Economic Management
Romania, Piatra Neamt
... - 2011

ITIS Electronics and Telecommunications
Italia, Ivrea
... - 2007

SKILLS

Note: The skills are sorted based on how much time it takes me to solve a problem. For example, in Golang I have more experience and I can find a solution to a problem faster. Instead, for skills with a lower score, I might need to search more the web for a solution.

WHAT I CAN DO

Algorithms
- Easy/Medium difficulty

Back-end:
- Server in Ubuntu
- Golang deployment with systemctl
- Authentication from scratch
- SSL, Gzip, Cache
- Logging, Recover

Front-end:
- CSS from scratch
- SASS
- Bootstrap
- Tailwind
- PWA
- 100% Lighthouse

Security:
- CSRF, XSS, SQL Injections
- Server Timeout, Server Size limit
- Attention to not leak sensitive data
- Validations
- Rate Limiter
